Register by July 25, 2018 to lock in  
early registration rates!

The Heart Rhythm Society's Annual Board Review Course is the preferred resource for physicians seeking a comprehensive review of content focused on preparation for the American Board of Internal Medicine (ABIM) certification and recertification examinations in Clinical Cardiac Electrophysiology (CCEP). The course provides expert guidance on the essential EP curriculum. For those not preparing for the exam, this course is an excellent update and overview of cardiac electrophysiology.

## COURSE HIGHLIGHTS

Nine workshops with ABIM CCEP board format questions using audience response system

- ▶ Lectures with content focused on ABIM CCEP board preparation
- ▶ Session on "Strategies for Success: Preparing for the Boards"
- ▶ Additional online presentations
- ▶ Content areas feature topics in:
  - Basic cardiac and intracardiac electrophysiology
  - Pharmacology of antiarrhythmic drugs
  - Noninvasive testing for arrhythmias
  - Atrial and other supraventricular tachycardias
  - Catheter ablation
  - Implantable cardioverter defibrillators
  - Cardiac pacing

## WHO SHOULD ATTEND?

- ▶ EP Fellows
- ▶ Clinical Cardiac EPs
- ▶ Directors of EP Labs
- ▶ Cardiologists
- ▶ MDs taking the ABIM CCEP Board Certification Exam
- ▶ MDs taking the ABIM CCEP Recertification Exam

## LEARNING OBJECTIVES

Upon completion of this educational activity, participants will be able to:

- ▶ Describe the current guidelines related to evaluation and management of patients with cardiac rhythm disturbances
- ▶ Describe the role of electrophysiologic testing in managing patients with bradyarrhythmias and tachyarrhythmias
- ▶ Identify the advantages and limitations of diagnostic electrophysiologic methods
- ▶ Identify the role of pharmacologic and non-pharmacologic therapies for the treatment of arrhythmias
- ▶ Recognize the basic electrophysiology and genetics of inherited conditions associated with cardiac arrhythmias
- ▶ Recognize clinical, electrocardiographic, and electrophysiologic characteristics of specific cardiac arrhythmia syndromes
- ▶ Interpret complex electrophysiologic and electrocardiographic tracings
- ▶ Interpret stored electrograms from pacemakers and ICDs

## COURSE DIRECTOR

**Kenneth A. Ellenbogen, MD, FHRS**  
Professor of Medicine  
Director, Cardiac Electrophysiology and  
Pacemaker Laboratory  
Medical College of Virginia  
Richmond, VA

## COURSE CO-DIRECTORS

**Gregory F. Michaud, MD, FHRS**  
Professor of Medicine  
Vanderbilt University Medical School  
Chief, Arrhythmia Service  
Vanderbilt University Medical Center  
Nashville, TN

**John M. Miller, MD, FHRS**  
Professor of Medicine  
Krannert Institute of Cardiology  
Indiana University School of Medicine  
Indianapolis, IN

## COURSE FACULTY

**Samuel J. Asirvatham, MD, FHRS**  
Professor of Medicine and of Pediatrics  
Vice Chair, Division of  
Cardiovascular Diseases  
Director, Clinical Cardiac Electrophysiology  
Training Program  
Mayo Clinic  
Rochester, MN

**Edward P. Gerstenfeld, MD, FHRS**  
Professor of Medicine  
Chief, Cardiac Electrophysiology  
and Arrhythmia Service  
University of California San Francisco  
San Francisco, CA

**Bruce D. Lindsay, MD, FHRS, CCDS**  
Section Head, Cardiac Electrophysiology  
and Pacing  
Cleveland Clinic, Department of  
Cardiovascular Medicine  
Cleveland, OH

**Barry London, MD, PhD**  
Professor of Medicine  
Chair, Division of Cardiovascular Medicine  
Co-Director, Cardiovascular  
Research Center  
University of Iowa Carver College  
of Medicine  
Iowa City, IA

**Francis E. Marchlinski, MD, FHRS**  
Professor of Medicine  
University of Pennsylvania Health System  
Philadelphia, PA

**Jeanne E. Poole, MD, FHRS**  
Professor of Medicine  
Division of Cardiology  
University of Washington  
Seattle, WA

**Eric N. Prystowsky, MD, FHRS**  
Consulting Professor of Medicine  
Duke University Medical Center  
Durham, North Carolina  
Director, Cardiac Arrhythmia Service  
St. Vincent Hospital and Health Center  
Indianapolis, IN

**William G. Stevenson, MD, FHRS**  
Professor of Medicine  
Vanderbilt University  
Vanderbilt University Heart  
and Vascular Center  
Nashville, TN

**Gordon F. Tomaselli, MD, FHRS**  
Professor of Medicine  
Michel Mirowski Professor of Cardiology  
Chief, Division of Cardiology  
Johns Hopkins University School  
of Medicine  
Baltimore, MD

**I truly believe the  
course offers great  
updates for practicing  
electrophysiologists,  
both in preparation for  
Boards as well as day-to-  
day care of patients.**

*Venkat N. Tholakanahalli, MD, FHRS*

## COURSE FORMAT

This course features didactic lectures supplemented with case-based workshops utilizing an audience response system (ARS) to facilitate an interactive learning session and in-depth coverage of exam content areas. Test your decision-making skills in real time as you respond to questions using the ARS, and receive immediate feedback on your decisions.

For more information and to register online, visit [www.HRSONline.org/BRC18](http://www.HRSONline.org/BRC18)

# TOGETHER WE ARE SHARE IDEAS

TOGETHER WE ARE  HRS<sup>SM</sup>

*“The Heart Rhythm Society has been a part of my life for the last 11 years - first as a fellow in training and then as a practicing physician. It’s my society that works with me, addresses the need that I have as a cardiac electrophysiologist, and ultimately, helps me in my day-to-day practice.”*

Sumeet K. Mainigi, MD, FHRS  
Albert Einstein Medical Center,  
Dept. of Cardiology and Electrophysiology  
Joined HRS in 2009

Together we can make  
a difference. Join today.

# 2018 Board Review Course in Clinical Cardiac Electrophysiology

Presentations and faculty subject to change\*

## Wednesday, August 15, 2018

**8 a.m. – 8:30 p.m. REGISTRATION OPEN**

**12:30 – 12:45 p.m.**

Welcome and Overview of Course  
*Kenneth A. Ellenbogen, MD, FHRS*

**12:45 – 1 p.m.**

Strategies for Success: Preparing for the Boards  
*Kenneth A. Ellenbogen, MD, FHRS*

---

► **Session I: Basic Science and Fundamentals of Electrophysiology**

*Chair: Kenneth A. Ellenbogen, MD, FHRS*

---

**1 – 2:15 p.m.**

Basic Electrophysiology Principles for the Clinician  
*Gordon F. Tomaselli, MD, FHRS*

**2:15 – 3:15 p.m.**

Inherited Ion Channelopathies  
*Barry London, MD, PhD*

**3:15 – 3:30 p.m. COFFEE BREAK**

**3:30 – 4:30 p.m.**

Sinoatrial and Atrioventricular Nodes and His-Purkinje System: Anatomy, Evaluation, Autonomics and Therapy  
*John M. Miller, MD, FHRS*

**4:30 – 5:30 p.m.**

Retrograde Conduction  
*John M. Miller, MD, FHRS*

**5:30 – 6 p.m. DINNER**

**6 – 7:30 p.m.**

Workshop #1: Electrocardiographic/ Electrophysiologic Correlations

**6 – 6:30 p.m.**

Physiology and Conduction  
*Chair: John M. Miller, MD, FHRS*

**6:30 – 7 p.m.**

Basic Science and Channelopathies  
*Barry London, MD, PhD*

**7 – 7:30 p.m.**

Basic Science  
*Gordon F. Tomaselli, MD, FHRS*

**7:30 p.m. ADJOURN**

Faculty Present to Answer Questions

### Note:

*\*Presentations will be available to download two weeks prior to the live course. Attendees are strongly encouraged to download the content onto their device prior to arrival. All content is delivered electronically.*

By far, the most informative, elucidative, and valuable medical conference I have ever attended. The quality of teaching was truly exceptional; it's application extremely pragmatic. It was intense and never boring. The hours applied at times seemed like minutes. For a comprehensive review of electrophysiology it is unparalleled, irrespective of the need for board preparation."

*Robert C. Wesley, Jr., MD, CCDS*

# 2018 Board Review Course in Clinical Cardiac Electrophysiology

Presentations and faculty subject to change\*

## Thursday, August 16, 2018

### 7 – 7:30 a.m. CONTINENTAL BREAKFAST

---

#### ▶ Session II: Invasive Diagnosis and Treatment

*Chair: John M. Miller, MD, FHRS*

---

#### 7:30 – 8:10 a.m.

Use of Entrainment in Supraventricular Tachycardia

*John M. Miller, MD, FHRS*

#### 8:10 – 8:45 a.m.

Principles of Entrainment – Ventricular Tachycardia

*William G. Stevenson, MD, FHRS*

#### 8:45 – 9:30 a.m.

Techniques of Differentiating SVT Mechanisms: Part I

*Gregory F. Michaud, MD, FHRS*

#### 9:30 – 9:45 a.m. COFFEE BREAK

#### 9:45 – 10:15 a.m.

Techniques of Differentiating SVT Mechanisms: Part II

*Gregory F. Michaud, MD, FHRS*

#### 10:15 – 11:45 a.m.

**Workshop #2:** Entrainment and SVT Maneuvers

**10:15 – 10:45 a.m.**

SVT Maneuvers Cases

*Chair: Gregory F. Michaud, MD, FHRS*

**10:45 – 11:15 a.m.**

Entrainment Cases – VT

*William G. Stevenson, MD, FHRS*

**11:15 – 11:45 a.m.**

Entrainment Cases – SVT

*John M. Miller, MD, FHRS*

### 11:45 a.m. – 12:45 p.m. LUNCH

#### 12:45 – 2 p.m.

Catheter Ablation of Atrial Tachycardia and Atrial Flutter

*William G. Stevenson, MD, FHRS*

#### 2 – 2:45 p.m.

Catheter Ablation of Accessory Pathways

*Bruce D. Lindsay, MD, FHRS, CCDS*

#### 2:45 – 3:15 p.m. COFFEE BREAK

#### 3:15 – 5:15 p.m.

**Workshop #3:** SVT Mechanisms/Maneuvers

**3:15 – 3:45 p.m.**

*Chair: William G. Stevenson, MD, FHRS*

**3:45 – 4:15 p.m.**

*Gregory F. Michaud, MD, FHRS*

**4:15 – 4:45 p.m.**

*Bruce D. Lindsay, MD, FHRS, CCDS*

**4:45 – 5:15 p.m.**

*Eric N. Prystowsky, MD, FHRS*

#### 5:15 – 6 p.m.

Catheter Ablation of AV Nodal Reentrant Tachycardia

*Bruce D. Lindsay, MD, FHRS, CCDS*

#### 6 – 6:30 p.m.

**Special Workshop:** 12 Lead EKG for PVC and VT Localization

*John M. Miller, MD, FHRS and*

*William G. Stevenson, MD, FHRS*

#### 6:30 – 7:15 p.m.

Core Principles of Electrophysiology

*Eric N. Prystowsky, MD, FHRS*

#### 7:15 p.m. ADJOURN

### Note:

\*Presentations will be available to download two weeks prior to the live course. Attendees are strongly encouraged to download the content onto their device prior to arrival. All content is delivered electronically.

# 2018 Board Review Course in Clinical Cardiac Electrophysiology

Presentations and faculty subject to change\*

## Friday, August 17, 2018

### 7 – 7:15 a.m. CONTINENTAL BREAKFAST

---

#### ▶ Session III: Invasive Diagnosis and Treatment

Chair: Francis E. Marchlinski, MD, FHRS

---

#### 7:15 – 8:30 a.m.

Ventricular Tachycardia: Ischemic and Nonischemic Cardiomyopathy and Other Unique VT Syndromes

Francis E. Marchlinski, MD, FHRS

#### 8:30 – 9:30 a.m.

**Workshop #4:** SVT and VT Invasive/Noninvasive Correlation

#### 8:30 – 8:50 a.m.

Chair: Bruce D. Lindsay, MD, FHRS, CCDS

#### 8:50 – 9:10 a.m.

John M. Miller, MD, FHRS

#### 9:10 – 9:30 a.m.

Francis E. Marchlinski, MD, FHRS

### 9:30 – 9:45 a.m. COFFEE BREAK

#### 9:45 – 10:45 a.m.

Wide Complex Tachycardias: Idiopathic VTs, Bundle Branch Reentry, Antidromic Tachycardias, Mechanisms, Electrocardiographic Manifestations, Invasive Assessment, and Ablation

Samuel J. Asirvatham, MD, FHRS

#### 10:45 – 11:45 a.m.

**Workshop #5:** Invasive/Noninvasive Correlation

#### 10:45 – 11:05 a.m.

Chair: Gregory F. Michaud, MD, FHRS

#### 11:05 – 11:25 a.m.

William G. Stevenson, MD, FHRS

#### 11:25 – 11:45 a.m.

Francis E. Marchlinski, MD, FHRS

### 11:45 a.m. – 12:45 p.m. LUNCH

---

#### ▶ Session IV: Noninvasive Diagnosis and Treatment

Chair: Gregory F. Michaud, MD, FHRS

---

#### 12:45 – 2 p.m.

Pharmacokinetics, Pharmacodynamics, Pharmacogenetics, and Clinical Electrophysiology of Antiarrhythmic Drugs: Parts I & II

Jeanne E. Poole, MD, FHRS

#### 2 – 3 p.m.

**Workshop #6:** Electrocardiographic/Electrophysiological Correlations

#### 2 – 2:20 p.m.

Chair: Edward P. Gerstenfeld, MD, FHRS

#### 2:20 – 2:40 p.m.

Jeanne E. Poole, MD, FHRS

#### 2:40 – 3 p.m.

Samuel J. Asirvatham, MD, FHRS

### 3 – 3:15 p.m. COFFEE BREAK

#### 3:15 – 4 p.m.

Mechanisms, Pharmacologic, and Non-pharmacologic Treatment of Atrial Fibrillation

Edward P. Gerstenfeld, MD, FHRS

#### 4 – 4:20 p.m.

Biophysics of Catheter Ablation

Edward P. Gerstenfeld, MD, FHRS

#### 4:20 – 6:30 p.m.

**Workshop #7:** Electrocardiographic/Electrophysiological Correlations, Atrial Fibrillation, Clinical Scenarios, and Syndromes

#### 4:20 – 4:50 p.m.

Chair: Edward P. Gerstenfeld, MD, FHRS

#### 4:50 – 5:20 p.m.

Jeanne E. Poole, MD, FHRS

#### 5:20 – 6 p.m.

Samuel J. Asirvatham, MD, FHRS

### 6 p.m. ADJOURN

---

Presentations and faculty subject to change\*

## Saturday, August 18, 2018

7 – 7:30 a.m. CONTINENTAL BREAKFAST

▶ **Session V: Clinical Scenarios/  
Device Management**

Chair: Jeanne E. Poole, MD, FHRS

7:30 – 8:30 a.m.

Device: Evaluation, Management, and  
Troubleshooting

Kenneth A. Ellenbogen, MD, FHRS

8:30 – 9:45 a.m.

**Workshop #8: Device Cases**

8:30 – 8:55 a.m.

Chair: Kenneth A. Ellenbogen, MD, FHRS

8:55 – 9:20 a.m.

Samuel J. Asirvatham, MD, FHRS

9:20 – 9:45 a.m.

Jeanne E. Poole, MD, FHRS

9:45 – 10 a.m. COFFEE BREAK

10 a.m. – Noon

**Workshop #9: Arrhythmia Case Studies/Putting It  
All Together for the Boards**

10 – 10:40 a.m.

Chair: Kenneth A. Ellenbogen, MD, FHRS

10:40 – 11:20 a.m.

John M. Miller MD, FHRS

11:20 a.m. – Noon

Gregory F. Michaud, MD, FHRS

Noon – 12:15 p.m. **ADJOURN**

Concluding Remarks/Course Adjourns

Kenneth A. Ellenbogen, MD, FHRS

This was a  
great course,  
well organized,  
and had excellent  
speakers.”

Kara J. Quan, MD, FHRS

# Suite of Products for Fellows Transition to Early Career

HRS is dedicated to supporting the development and success of physicians just entering the field of electrophysiology. Our membership structure allows Fellows-In-Training to join as an affiliate at no cost. HRS offers an entire suite of educational products to support the transition from CCEP Fellow to Early Career:

## In-Service Training Exam

For Fellows just completing their first year of training in a CCEP fellowship, this 100-question exam offered by invitation from their program director, aims to identify opportunities for growth and establish benchmarks for measuring progress against the national average.

## Self-Assessment and Exam Prep in CCEP Online Module

One hundred ABIM-style questions for Fellows completing their second year of training. Questions are broken out by topic area and provide a roadmap for targeted exam preparation. This module is often taken prior to attending the live Board Review Course.

[Learn more ►](#)

## Heart Rhythm Board Review

The definitive review course on the core EP curriculum. This four-day live course is scheduled two months prior to the ABIM exam and provides the framework for focused, dedicated time to prepare for exam success.

[Learn more ►](#)

## Fellows-In-Training Programming at HR2018

The Fellows-in-Training Educational Program, designed by and for Fellows, provides an opportunity to customize their learning experience with five sessions tailored specifically for them. Fellows can further personalize their experience by selecting sessions tagged Fellows-in-Training, including case-based tutorials, Mini Board Review, and how-to sessions. Discover the latest advances in the heart rhythm field.

[Learn more ►](#)

## Heart Rhythm Board Review On Demand

Review the Board Review Course presentations online anywhere, any time. A USB can be purchased for an extra fee for offline viewing.

[Learn more ►](#)

# General Information

## AMERICAN BOARD OF INTERNAL MEDICINE (ABIM) EXAMINATION

The ABIM will administer certification and recertification examinations in Clinical Cardiac Electrophysiology (CCEP) on October 15, 2018. For information on the certification or recertification examinations, please contact **800-441-2246** or **+1-215-446-3500** or visit **www.ABIM.org**

## ACCREDITATION STATEMENT

The Heart Rhythm Society is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

## AMA CREDIT DESIGNATION STATEMENT

The Heart Rhythm Society designates this live activity for a maximum of 29 *AMA PRA Category 1 Credits™*.

Physicians should claim only the credit commensurate with the extent of their participation in the activity.

The AMA has determined that physicians not licensed in the United States who participate in this CME activity are eligible for *AMA PRA Category 1 Credit™*.

## ABIM MAINTENANCE OF CERTIFICATION (MOC)

Successful completion of this CME activity, which includes participation in the evaluation component, enables the participant to earn up to 29 MOC points in the American Board of Internal Medicine's (ABIM) Maintenance of Certification (MOC) program. Participants will earn MOC points equivalent to the amount of CME credits claimed for the activity. It is the CME activity provider's responsibility to submit participant completion information to ACCME for the purpose of granting ABIM MOC credit.

## DISCLOSURE OF FACULTY'S COMMERCIAL RELATIONSHIP(S)

It is the policy of the Heart Rhythm Society to ensure balance, independent objectivity, and scientific rigor in all its certified educational activities. Everyone involved in the planning and participation of continuing medical education activities is required to disclose any real or apparent conflict of interest related to the content of his/her presentations and also disclose discussions of unlabeled/unapproved uses of drugs or devices during his/her presentations. In accordance with the ACCME's Standards for Commercial Support of Continuing Medical Education, all faculty and planning partners must disclose any financial relationship(s) or other relationship(s) held within the past 12 months. The Heart Rhythm Society implements a mechanism to identify and resolve all conflicts of interest prior to delivering the educational activity to learners. Detailed disclosure information will be made available prior to the activity and in the activity slides/materials.

## MEMBER REGISTRATION REQUIREMENTS

To receive the member rate you must be a Heart Rhythm Society member in good standing at the time of registration. All non-members must register at the non-member rate.

To apply for membership, please visit **www.HRSonline.org/Join**. Anyone applying for membership with the Heart Rhythm Society during the Board Review Course registration period must complete his/her application packet and be approved by the Society prior to registering for the course. The Society will not reimburse the difference between the member and non-member rates for attendees who register prior to membership approval.

## CANCELLATION/REFUND POLICY

All requests for cancellation of your registration for the Board Review Course must be made in written format and received by 5 p.m. Eastern Time, July 25, 2018. A **\$75.00** processing fee will be withheld. Course registration fees are non-refundable for cancellations received after 5 p.m. Eastern Time, July 25, 2018. There is no refund for "no-shows." Discount pricing shown for Board Review On Demand and the Self-Assessment/Exam Prep Online Module are only available to attendees of the live course. Cancellation of the live course will result in a change in price for these items. Written cancellations should be emailed to **tblithe@hrsonline.org**.

## REGISTRATION/COURSE FEES

Registration fees for Board Review Course include all sessions, workshops, and course materials for the main course, as well as dinner on Wednesday, August 15, continental breakfasts August 16–18, and lunches on August 16 and 17. They do not include the Self-Assessment and Exam Prep in Clinical Cardiac Electrophysiology Online Module or Board Review On Demand. Save money by purchasing all three together at the special attendee price. Save even more by becoming a member of the Heart Rhythm Society.

## PAYMENT POLICY

The Heart Rhythm Society will process and accept the following credit cards: American Express, VISA, and MasterCard. Checks submitted must be drawn on a U.S. bank in U.S. dollars and made payable to the Heart Rhythm Society. The registrant pays all fees or charges connected with payment.

Please note:

- All registration information must be complete in order to be processed.
- Wire/bank transfers are **not** accepted.

## HOTEL RESERVATIONS

A block of rooms has been reserved at the Hyatt Regency O'Hare Hotel at the special meeting rate of **\$159 plus applicable tax (14%) per night** (single/double). This first-come, first-served special rate is available until 11:59 p.m. July 25, 2018, after which, rooms will be offered on a space- and rate-available basis. Hotel reservations must be made by clicking the reservations link (insert link), or by calling Hyatt reservations at 888-421-1442 or +1-847-696-1234. A credit card is required to secure your hotel reservation. If you cancel your hotel reservation within 48 hours of arrival or if you are a "no-show," a one night room and tax penalty will apply. This hotel is a non-smoking facility.

In the unlikely event that the course is cancelled, the Heart Rhythm Society is responsible only for full refund of the registration fee and not for transportation, hotel accommodations, or any miscellaneous expenses incurred by the registrant.

For more information and to register online, visit **www.HRSonline.org/BRC18**
